

Starter-Generator Exchange for New Program

Factory Authorized Distributor

Why settle for a rebuilt starter-generator when you can upgrade to a new factory-warranted starter-generator and be flying today?

Upgrade to NEW for little more than the cost of an overhaul.

If you own a Goodrich (Lucas) or other starter-generator, we have been authorized by Skurka to sell you a new Skurka (formerly APC) starter-generator off the shelf or with lead time at a substantial discount of 30% off the current market price. Just send in your old starter-generator, repairable or not, in “as removed” condition, and APSCO will upgrade you to a completely new unit.

IT'S THAT EASY.

NO waiting for parts. NO waiting for service. Just install the new starter-generator and you can be flying the same day.

SHORTER WAIT, LONGER WARRANTY

Every Skurka (APC) starter-generator comes with our standard 1 year or 1000 Hour Factory Warranty.

If you've been considering buying a new starter-generator but thought it was too expensive, now is your chance. If you've been regularly overhauling your starter-generators, now is your opportunity to start fresh with brand new factory-built units. Either way, this is the right time to upgrade to the latest starter-generator technology from Skurka.

What are you waiting for?

Check out these Upgrade Program prices.

We offer extremely competitive flat rate pricing, with no surprises and no charge-backs.

MODEL	APPLICATIONS	STANDARD LIST W/O QAD	UPGRADE LIST W/O QAD	STANDARD LIST W/QAD	UPGRADE LIST W/QAD
